

# 2012 Distributor Catalog

## Quality

DENTSPLY Raintree Essix Glenroe designs and manufactures a broad range of products for the orthodontic and general dental markets. As a full service manufacturer, we are committed to quality, excellence and the pursuit of total customer satisfaction. Our business charter and quality policy are focused on the customer experience and on meeting or exceeding customer requirements.

DENTSPLY Raintree Essix Glenroe is a FDA-registered facility and maintains certification to the requirements of ISO 13485:2003, Council Directive 93/42/EEC (CE), and PAL.

ISO 13485:2003  
FM 502527

## Customer Service

Please call our toll-free number 8:00am-5:00pm EST. We will be glad to answer your questions and assist you with our products.

### Returns

**All returns must receive a RETURN MATERIALS AUTHORIZATION (RMA) number** from the DENTSPLY Raintree Essix Glenroe Customer Service Department prior to shipment. This RMA number must be clearly noted on the outside of the shipping carton. **If products are shipped without an RMA, the customer will be charged a \$25.00 (US dollars) processing fee.**

1. All products returned for credit or exchange must be of current design in the original, unopened, sealed package and in saleable condition. Damaged, opened, outdated, obsolete, used, "demo" products, or products and parts purchased more than 6 months prior to the current date are not returnable for credit or exchange.
2. A copy of the original invoice must accompany all product returns for credit or exchange. Consumables must have corresponding lot and expiration dates. All equipment must have serial number referenced on invoice.
3. Any credit applied will be based on original invoice price.
4. No discontinued products will be accepted for return.
5. Return Authorization and credit will not be issued for overstock/inventory relief.
6. Subject to the above, products (except equipment) can be returned within 30 days of invoice date for full credit. Products (except equipment) returned after 30 days are subject to a minimum 20% restocking charge. Products (except equipment) will not be accepted for return credit or exchange beyond 6-months from the original invoice date. Equipment can be returned within 30 days of invoice date for credit, but is subject to a 20% restocking fee. No unopened equipment will be accepted for return credit or exchange beyond 30 days of invoice date.
7. Final approval for replacement or credit is at the sole discretion of DENTSPLY Raintree Essix Glenroe.
8. Transportation charges both ways must be paid by customer or distributor on products, parts or accessories returned for credit or exchange, regardless of the warranty period.
9. Opened packages of all equipment cannot be accepted for credit by DENTSPLY Raintree Essix Glenroe. Upon evaluation if equipment can be repaired, standard repair and repackaging charges will be applied based on product received. If repair charges exceed warranty coverage, customer will be notified and approval must be received before additional repairs are made. There is a 90-day warranty on the repair parts and labor for qualifying small equipment.
10. Custom, imprinted, made-to-order, or customer modified products are not returnable for credit or exchange.
11. Products made up of multiple components must remain intact until delivered to the dental office or laboratory if CE marked.

### Shipping

All orders will be shipped United Parcel Service (UPS) unless otherwise specified. Next day and second day air service is also available. All prices are FOB Origin. Products made up of multiple components must remain intact until delivered to the dental office or laboratory if CE marked.

### Billing and Payment

All orders are accepted on a basis of payment terms pre-approved by the Finance Department in advance of shipment of the order. An invoice or packing slip is enclosed with each shipment, and purchases may be paid for by individual invoice. Master Card, Visa, and American Express are accepted.

### Terms and Conditions

We upgrade the quality and design of our products on a continuing basis, and because of this, we reserve the right to improve, modify, or discontinue products at any time, or to change specifications, terms, conditions, or prices without notice.

## Contents

### 4-11 Elastomerics

- 4-8 Ligature Chain and Ties, Storage
- 9 Thread
- 10-11 Modules, Wedges, Separators

### 12-14 Adhesives and Accessories

### 15-17 Wire and Accessories

### 18-21 Brackets

### 22-23 Instruments

### 24-25 Elastics

### 26-29 Procedure Aids

- 26 Abrasive Strips, Arch Gauge, Ortho Zip Ties
- 27 Bite Blocks, Tongue Blocks
- 28-29 Expanders, Retractors, Propphy Aids

### 30 Lab Products

### 31-33 Impressions

### 34-37 Plastic

- 34 Plastic Comparison Chart
- 35 Duraclear™ Plastic, Ultra Fit™ Plastic
- 36 Duralight™ Plastic, Duraforce™ Plastic
- 37 Duraguard™ Plastic

### 38-39 Sports Mouthguards

### 40-43 Patient Aids

- 40-41 Wax Boxes, Silicone Boxes
- 42-43 Pontic Wax, Chewies™ Aligner  
Tray Seaters, Retainer Retrievers, Kits

### 44-47 Appliance Cases

- 44-45 Color Chart
- 46-47 Appliance Cases, Accessories

## From Design to Delivery

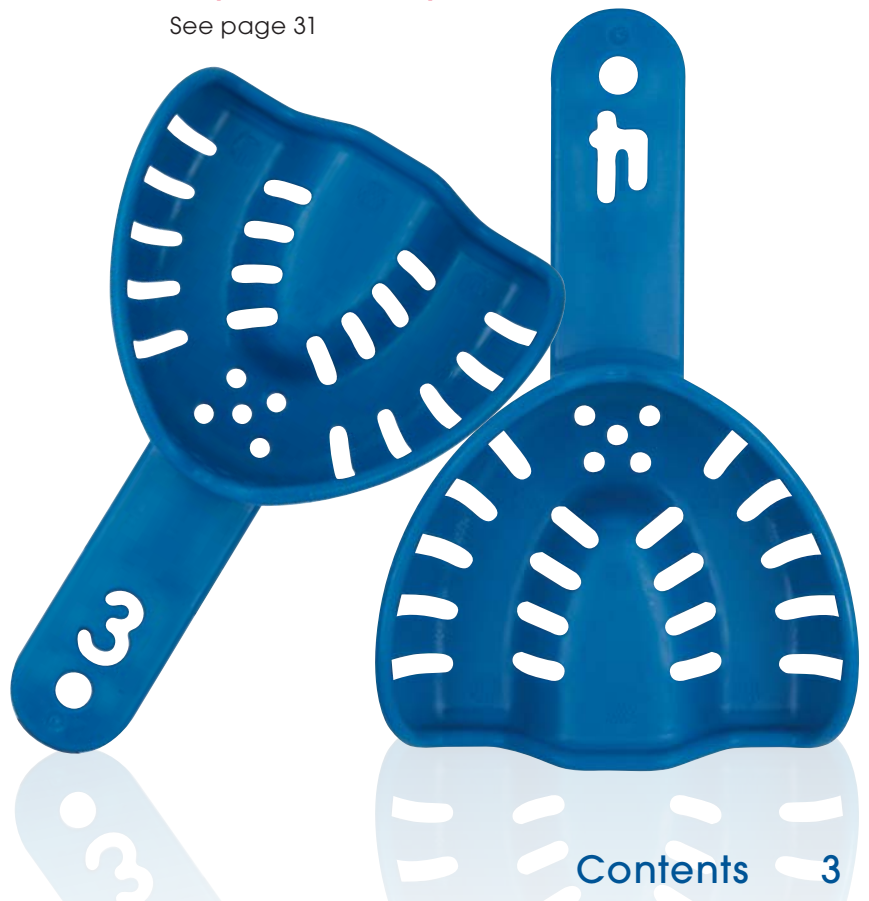

DENTSPLY Raintree Essix Glenroe offers expertise in plastic injection molding, extrusion/co-extrusion and high speed cutting.

We serve a wide variety of customers including internal DENTSPLY divisions and third-party customers around the world. Our facility located in Sarasota, Florida features over 100,000 square feet of R&D, quality assurance and manufacturing space.

Contact us for more information about custom OEM opportunities.

# Elastomeric Ligature Chain & Ties

## Tuff Chain™

### Elastomeric Chain

- Chain available in 64 colors
- Spool color can match chain color or be clear

## Ultra Tuff™

### Elastomeric Chain

- .020" thickness provides clearance for tying chain on top of ligature ties and piggybacking with other force systems
- Spool color matches chain color

## Thin Chain

### Elastomeric Chain

- Perfect for lingual treatment, self ligating brackets and overall patient comfort
- .015" thickness for easy placement and piggybacking over other appliances; Ligates easily over tie wings and self ligating brackets
- Spool color matches chain color

Thin chain not available in Open Medium style.

## Elastomeric Ligature Ties

- Low profile fits under bracket tie wings to avoid irritating the gingiva
- **Individual Ties** – Configured to help eliminate cross contamination
- **Mini Ties** – Allow the use of a unique color on each arch, without contamination issues or waste
- Choose from 65 colors

NOTE: Certain colors require specific minimum quantities when ordered. Please call for more information.

Colors are for illustration purposes only. Actual color of product may vary.

### Individual Patient Ties .120" diameter

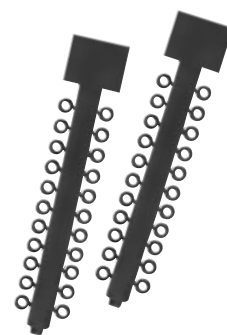

Bag of 45 dispensers, 22 ties per dispenser

TTUS-2(color)

### "S" Ties .120" diameter

Bag of 10 dispensers, 100 ties per dispenser  
Not available in Pearl.

TTUS-1(color)

## Storage

### Acrylic Chain Dispenser

- Dispenses spools of chain easily and quickly
- Heavy duty acrylic with slide top
- Holds up to 10 spools of chain or thread

Clear	CD-1AC
Smoke	CD-1AS

### Plastic Chain Dispenser

- Keeps chain organized and untangled
- Lightweight, compact design
- Holds up to 5 spools of chain

Clear	CD-1P
-------	-------

### Ligature Tie Dispenser

- Heavy duty clear acrylic
- Stackable, compact design
- Each drawer holds up to 50 dispenser sticks or canes

Clear	TD-1A
-------	-------

# Elastomeric Thread

## Glenroe™ Lip Bumper Tubing

- Slides over the wire without snagging
- Fits up to .046" wire
- 10ft Spool

Clear	<b>LBT-C</b>
Gray	<b>LBT</b>
Opaque Tooth	<b>LBT-TC</b>

## Archwire Sleeve

- Great patient relief aid; helps compliance
- Fits to archwire to help prevent food from entering tube
- 10ft Spool

## Shrink Tubing

- Creates added protection and comfort when used over archwire and lip bumpers
- Slide over the wire and heat to create a smooth crack-resistant surface

6 per tube **ST-045**

# Modules & Wedges

## Tuff Link™ Elastomeric Modules

- Ligature ties with connecting bridges, for use with closing intra arch space
- Excellent for rotating individual teeth and connecting bracket hooks
- Molded from urethane that provides continuous gentle force

	4.3mm	6.0mm	8.5mm	11.5mm	Assorted
Dark Gray	TM-1	TM-2	TM-3	TM-4	TM-5A
Clear	TM-1C	TM-2C	TM-3C	TM-4C	TM-5AC
100 per pack					

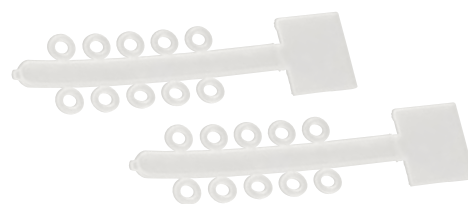

## Rotation Wedges

- Unique wedge shape provides increased contact, allowing more force to be transmitted to the tooth

	Intro Kit	Standard	Increased
Gray	RW-KIT	RW-1	RW-2
Clear	RW-KITC	RW-1C	RW-2C
100 per pack; 50 each style		100 per pack	

# Separators

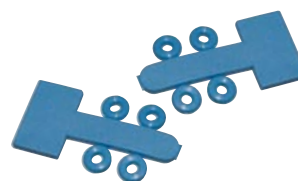

## Clear Anterior Separators

- Thin for easy insertion; .054"-.055" thickness; .080"-.082" inner diameter; .190"-.192" outer diameter

10 per dispenser;  
50 dispensers per pack

**OS-2GCA**

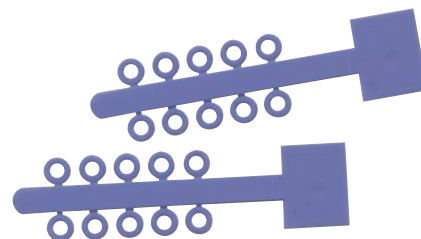

## Jumbo Separators

- Use for correcting partial molar impaction
- 2mm thickness and 6mm diameter allows maximum extension and memory

4 per dispenser;  
32 dispensers per pack

**OS-2XL**

## Resep™ Extra Large Posterior Separators

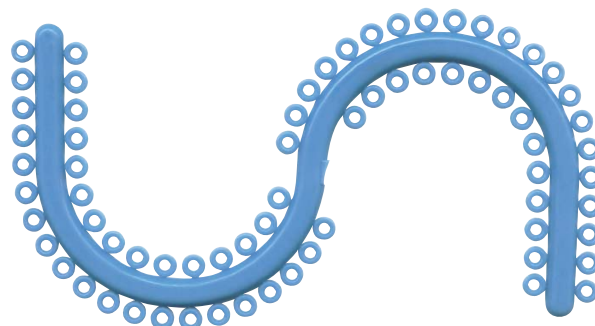

- Great for hard-to-separate cases, or for when appliances such as a palatal expander are used
- Flat sides and round corners for easy insertion

10 per dispenser;  
50 dispensers per pack

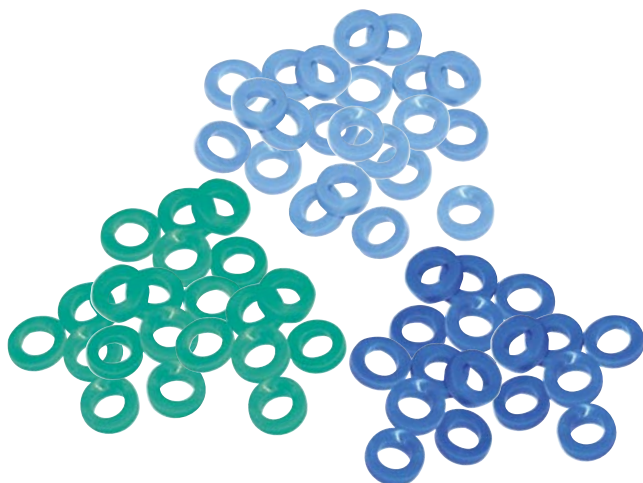

**RS-2**

## Orthoseps™ Elastomeric Separators

- Strong with a high resistance to tearing
- Rounded corners and a flat top help make insertion into tight contacts easy
- Blue for easy identification inside the mouth
- **Individual** configuration helps prevent cross contamination
- **Individual Radiopaque** is identifiable by x-ray, to help avoid loss underneath gum tissue

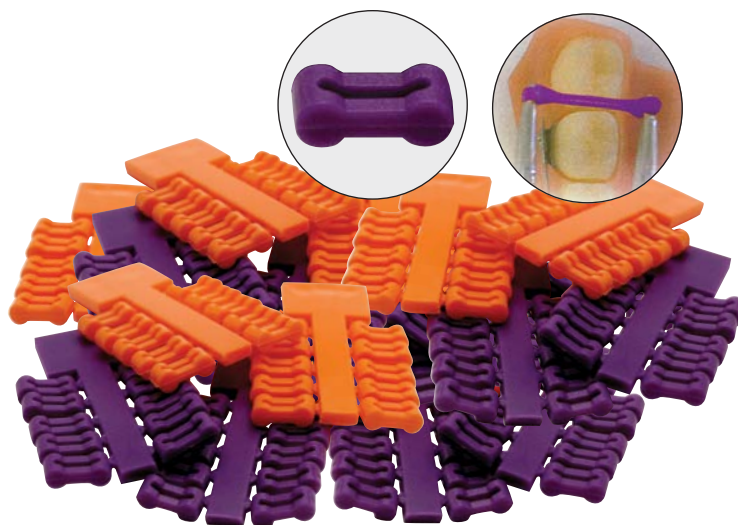

Individual	Individual Radiopaque	Molded Posterior
Blue	Dark Blue	Light Blue
<b>OS-2</b>	<b>SS2</b>	<b>OS-1</b>
10 per dispenser; 100 dispensers per bag		70 per dispenser; 15 dispensers per bag

## Loose Separators

- **Radiopaque** style is identifiable by x-ray, to help avoid loss underneath gum tissue

	Anterior	Posterior	Radiopaque
Color	Green	Blue	Dark Blue
Thickness	.047"	.047"	.050"
Interior Diameter	.067"	.090"	.090"
Outer Diameter	.147"	.170"	.200"
100 per bag	<b>ESS100</b>	<b>ESL100</b>	<b>ESR100</b>
1000 per bag	—	<b>ESL1000</b>	<b>ESR1000</b>

## Duraseps™ Elastomeric Separators

- Vertical slot makes it easy to insert with separator pliers
- Bars on both ends allow maximum stretch without breakage and help prevent slipping under gum tissue

		Standard Size
<b>70 Shore A</b>	Purple	<b>DS8-2</b>
<b>85 Shore A</b>	Orange	<b>DS-2</b>

10 per dispenser; 50 dispensers per pack

# Etching

## Individual Patient Etchant

- Helps eliminate cross contamination
- Dispenser allows accurate placement on each tooth, for less waste
- Each dispenser has enough etchant for approximately 28 brackets
- Contains 36% phosphoric acid

(25) 1.5g dispensers

**ME-25**

## Glenroe™ Bonding Sponges

- Great method for applying etch and primers
- Conserves material and provides controlled application

200 per Jar

**GBS-200**

## Gel Etch Syringe Kits

- Syringes with disposable tips allow controlled etchant placement, without cross contamination
- Contains 37% phosphoric acid
- Thick viscosity gel for no slump or running

12g syringe, (40) disposable tips

**GE-1**

(4) 3ml syringe, (20) disposable tips

**GE-1KIT**

60g syringe, (40) disposable tips

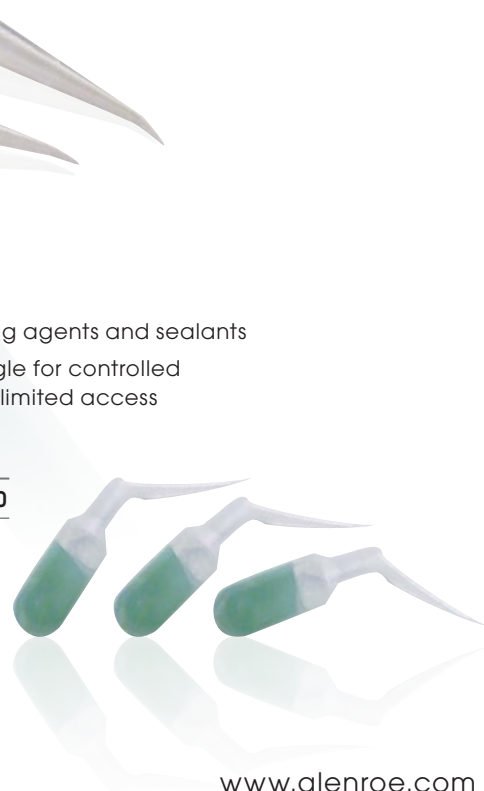

**GE-JKIT**

## Mini Etch Sticks

- Use with etchant, bonding agents and sealants
- Bends easily into any angle for controlled placement in areas with limited access
- Reduces excess solution

100 per Tube

**PES-100**

# Band Cement

## Fluoride Glass Ionomer Band Cement

- Formula chemically bonds to non-precious metals and enamel
- Setting time formulated for orthodontic use

<b>Intro Kit</b>	15g powder, 15ml liquid	<b>GI-15</b>
<b>Large Kit</b>	50g powder, 55ml liquid	<b>GI-50</b>
<b>Econo Kit</b>	100g powder, 55ml liquid	<b>GI-100</b>

## Fluoride Zinc Phosphate Band Cement

- Contains fluoride
- Smooth, creamy mix for easy application
- Light gold color helps distinguish it from the tooth
- High resistance to washout

<b>Intro Kit</b>	100g jar of powder, 55ml liquid	<b>BCFI</b>
<b>Econo Kit</b>	1lb (453.6g) jar of powder, (4) 55ml liquid	<b>BCF1</b>

# Bonding Systems

## Lite Bond Orthodontic Bonding System

- Unlimited working time enables adjustment of brackets as much as desired prior to final placement
- Approximately 30 seconds set time when used with most visible lights
- Color stable, no bracket float and resistance to abrasion

(4) 5g syringes, 6cc sealant, 9g etchant	<b>LB-1</b>
--	-------------

## Paste & Paste Orthodontic Bonding System

- Adhesive system provides controlled application, color stability and bond strength
- Micro-filled to withstand abrasion
- Paste mixture can be adjusted to vary working time

18g base, 18g catalyst, 7.5ml etchant, 7g base resin, 7g catalyst resin	<b>P-PP</b>
---	-------------

# Adhesives

## Orthodontic Adhesives

- Cohesively stronger than the bond to the tooth, allowing easy one-piece removal without enamel scarring
- Tacky viscosity and good flow helps eliminate bracket float
- **One-Step Ortho Adhesive Kit** - sets on contact
- **VLC Orthodontic Adhesive Kit** - sets with a light cure source

<b>One-Step Ortho Adhesive Kit</b>	<b>PNMG-1S</b>
(4) 5g syringes, 12ml primer, 7ml etchant	
<b>VLC Orthodontic Adhesive Kit</b>	<b>LBG-1</b>
(4) 5g syringes, 7ml resin, 7ml etchant	

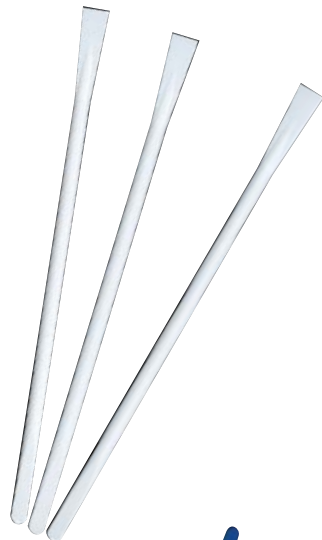

# Mixing Accessories

## Mini Mixing Sticks

- 2.2" long
- Small design for easy adhesive mixing control and application

100 per pack **MMS-100**

## Glenroe™ Mixing Sticks

- Perfect for mixing banding and bonding cements
- 4.4" length makes it comfortable to hold and control

100 per pack **GMS-100**

## Tuff Heat™ Spatula

- Excellent for glass ionomer cements
- Flexible for excellent control when mixing
- Rigid, handle grip helps prevent slippage
- Autoclavable; 7" long

**TS-2**

## Ultra Cement Spatula

- Tapered end is sturdy, yet flexible for easy mixing
- Long wide handle is easy to grip and hold
- 5.75" long

10 per pack **TS-3B**

## Stay Cold Mixing Disc

- Allows convenient chairside mixing
- Ideal for loose band appointments
- Blue ice inner core stays cold up to one hour
- 3.125" diameter is large enough for one or two mixes
- Includes a plastic Tuff Heat™ Spatula

**MD-1**

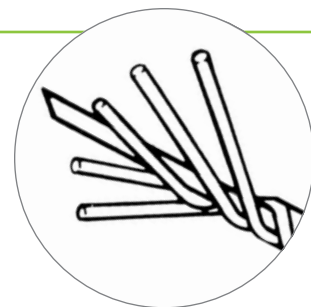

# Multi-Strand Wire

## Super Three Strand Twist Wire

- Ideal initial archwire provides gentle force
- Will not unravel when cut
- Loops can be formed

Size	Natural Arch	14" Straight Length
.0155"	<b>TSPA015</b>	<b>TSS015</b>
.0175"	<b>TSPA175</b>	<b>TSS175</b>
.0195"	<b>TSPA195</b>	<b>TSS195</b>
	10 per pack	10 per tube

## Super Smooth Cable Wire

- Five strands are wrapped around a core wire
- Excellent first wire - gentle and easy to tie
- Excellent for unraveling and leveling teeth
- Great resiliency and smooth surface reduces friction
- Will not fray when cut

Size	Natural Arch	14" Straight Length
.0155"	<b>PCWA015</b>	<b>UCWS015</b>
.0175"	<b>PCWA175</b>	<b>UCWS175</b>
.0195"	<b>PCWA195</b>	—
	10 per pack	10 per tube

# Wire Accessories

## Archwire Markers

- Disposable markers help prevent cross contamination
- Thick wax tips of sturdy dowels provide precise marking, high visibility, and superior adhesion
- Dispenser includes Velcro mounting

100 Archwire Markers	<b>AWM-1</b>
Archwire Marker Dispenser	<b>AWMD-1</b>

## Archwire Holder

- Convenient chairside dispenser
- Holds 6 sizes of wire in both upper and lower forms; 12 slots total
- Ample room for labels next to each slot
- Stainless steel
- 7.875" long

**AWH-N**

# Stainless Steel

## Stainless Steel Wire

- Smooth surface for reduced friction
- Heat treated to help prevent corrosion
- Laser etched midline mark

## Weldable Lingual Sheaths

- Designed for use with quad helixes and palatal bars
- .036" slotted and horizontal with latching indent
- Fits .072" x .036" appliances
- Stainless steel

4 per pack **LS36**

# Nickel Titanium

## Marsenol Archwire

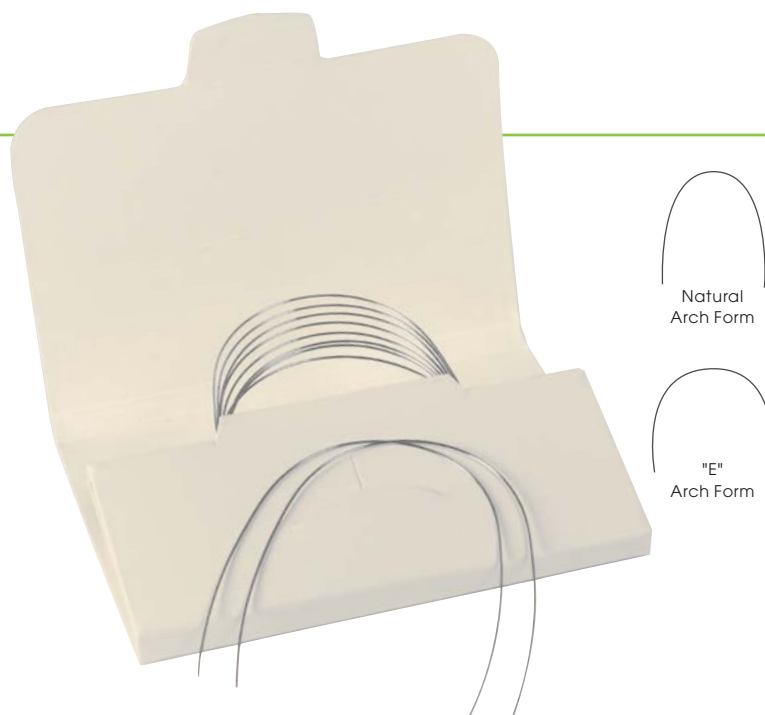

Nickel titanium alloy uses shape memory effect and is more elastic than stainless steel

- Delivers consistent force over a long period of time
- Exhibits a high load deflection characteristic when displaced over a short distance
- Smooth polished surface with laser-etched midline mark

## Marsenol Archwire - Thermal

Heat-activated nickel titanium wire accepts a bend, then slowly returns to its original shape when placed intraorally and elevated to mouth temperature

- Smooth polished surface with laser-etched midline mark

# Clear Brackets

## Clear Composite Brackets

- Smaller size gives a better appearance, without loss of wings and rotational control
- Rounded everywhere for patient comfort and less chance of breakage
- Continuous slot helps eliminate trapped food and adds strength
- Non-polycarbonate plastic resists staining and water absorption for longer life
- Bottom locking ridges allow use of color-stable adhesive without a plastic primer

# Stainless Steel Brackets

## Econo Line Stainless Steel Bracket

- High quality stainless steel bracket
- Torque and angulation are built into the base, not cut in like other metal brackets
- Laser welded hooks for extra strength
- One piece bonding base for better adaption to tooth
- Micro particle blasting in bonding base
- Micro size for excellent aesthetic

## Lingual Contouring Instrument

- Ideal for placing lingual 3 to 3 wire retainers
- Angled head for easy access to lingual of anterior teeth
- Flat plastic tip makes cement contouring easy; will not adhere to bonding cement
- Hold wire in place while placing bonding cement
- Autoclavable

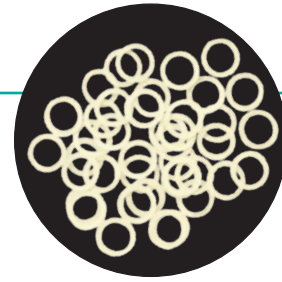

LCCI

# Intra Oral Elastics

## Latex Elastics

- Force in ounces is measured at 3x passive diameter
- Simple to dispense and easy for patient to use
- Packaged in color-coded tamper-proof patient bags

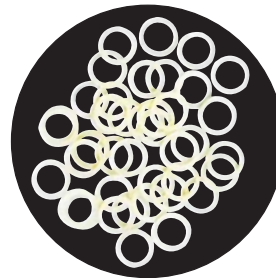

Diameter	Light 2.5oz		Medium 3.5oz		Heavy 4.5oz		Extra Heavy 6oz	
1/8" / 3.2mm	Red A	<b>G731</b>	Green A	<b>G733</b>	Blue A	<b>G735</b>	Brown A	<b>G736</b>

# Bite and Tongue Blocks

## Ortho Bite Blocks

- Keep the patient's mouth comfortably open during procedures while allowing full access to all orthodontics
- Soft latex-free material allows flexing of jaw to increase patient comfort
- Floss attachment for safe retrieval in case of dislodgment
- Low profile side wall will not interfere with most brackets or other orthodontic appliances

### Disposable

12 large and 12 small Bite Blocks, Light Blue, Single use only

**OBB-D-GL**

### Autoclavable

4 large and 4 small Bite Blocks, Dark Blue

**OBB-S-GL**

## Disposable Tongue Blocks

- Allows patient to relax their jaw while keeping their tongue away from their teeth during bonding and banding procedures
- Soft plastic for easy trimming with scissors
- Glenroe™ saliva ejectors may be attached to holes for maintaining a dry field
- Single use only

Watermelon	<b>ALGF-WM</b>

## Alginate Flavoring Holder

- Heavy duty acrylic
- Holds up to six bottles
- Smoke color

**ALGF-HOLDER**

## Alginate Mixing Bowl

- Extremely smooth, pliable plastic for easy mixing
- Smooth interior makes removing mixed alginate easy
- Does not contain PVC
- 4" diameter

## Super Soft Vinyl Alginate Mixing Bowl

- Molded from extremely flexible, smooth and pliable vinyl for controlled mixing and cleaning

## Alginate Spatula

- Made of plastic; won't scratch bowls surface
- Flexibility and stiffness for good control
- Easy grip handle reduces slipping

Bowl	AMB- (color)
Super Soft Vinyl Bowl - Yellow	AMB-Y
Spatula	TS- (color)
Autoclavable Spatula - Blue	TS-ABA
Autoclavable up to 260°

## Thermobite Bite Registration Wafers

- Specially-formulated resin provides highly accurate bite impressions of teeth and horizontal molar area
- Heat according to instructions, bite down, and trim
- Minor perforations allowed, for a correct occlusion with touching teeth surfaces
- Easy to store and transport to labs; resistant to temperature changes during transit

30 per pack **TB-30**

## Impression Guards

- Take impressions without removing archwire
- Thin elastomer strip fits over brackets, keeping impression material from getting behind bracket tie wings
- Impression can be removed easily with minimal damage
- Each strip fits one full arch, and can be trimmed for patients who are not fully bonded
- Individually wrapped to prevent patient cross contamination

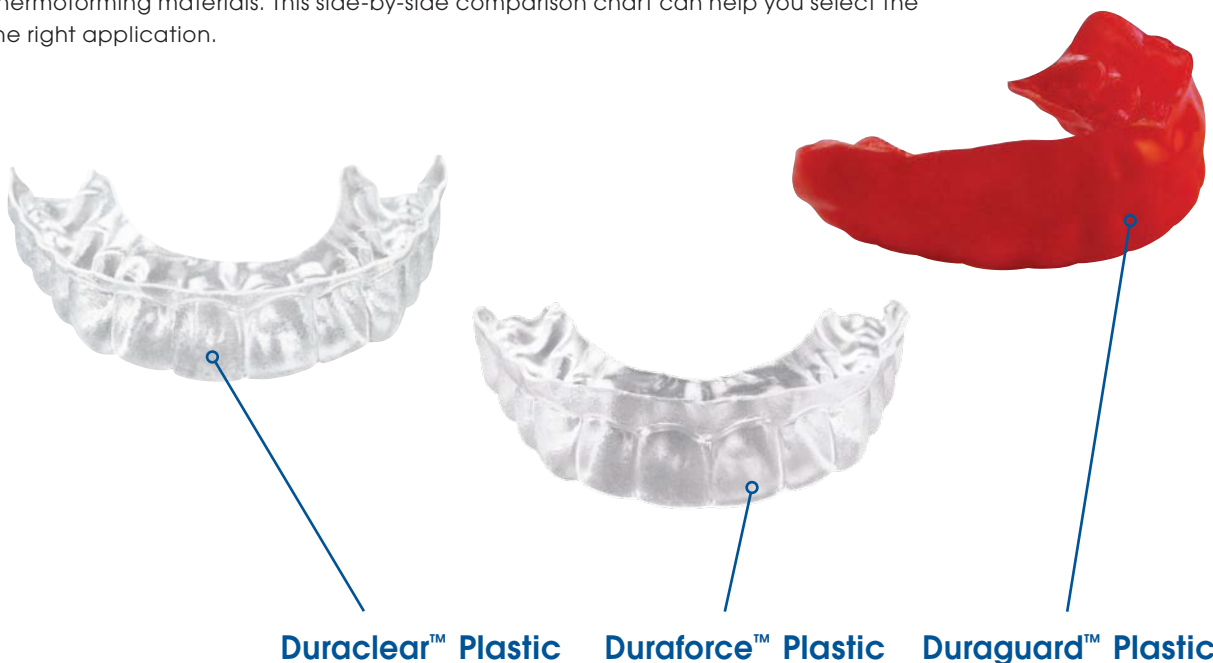

50 per box **IMP-100**

# Plastic

## The Right Plastic for Each Application

Clarity, thickness, strength, aesthetics and specific application are all important things to consider when selecting thermoforming materials. This side-by-side comparison chart can help you select the right plastic for the right application.

	Duraclear™ Plastic	Duraforce™ Plastic	Duraguard™ Plastic
Bondable to acrylic	X		
Creating clear retainers	X	X	
Creating thin retainers for better patient comfort and compliance	X	X	
Creating temporary retainers	X	X	
Creating tooth movement aligners	X	X	
Creating bruxism splints		X	X
Creating customized sports mouthguards			X
Creating temporary bridges	X	X	
Creating bite planes	X		
Creating whitening trays			X
Available in round and square sizes	X	X	X
Available in colors		X	X
Latex and BPA free	X	X	X

## Duraclear™ Plastic

- Use for retainers, tooth movement aligners and temporary anterior bridges
- Good combination of strength, durability and clarity
- Durable; resistant to cracking, bending out of shape or breaking
- Bondable to acrylic; store in a cool, dry place

Thickness	5" Square	125mm Circle	Quantity
.030" / ¾mm	<b>DCS030X20S</b>	<b>DCS030X20R</b>	20 per box
.040" / 1mm	<b>DCS040X20S</b>	<b>DCS040X20R</b>	20 per box
.060" / 1½mm	<b>DCS060X10S</b>	<b>DCS060X10R</b>	10 per bag
.080" / 2mm	<b>DCS080X10S</b>	<b>DCS080X10R</b>	10 per bag

## Duraforce™ Plastic

- Average life: 24 months
- Use for bruxism splints, retainers, temporary bridges and tooth movement aligners
- Conforms to model when heated with minimal shrink
- Extremely durable; resistant to cracking or breaking
- Available in clear or colors
- Not for use with acrylics/bonding agents
- Store in a cool, dry place

Thickness	Color	5" Square	125mm Circle	Quantity

NOTE: Certain colors require specific minimum quantities when ordered. Please call for additional information. Colors are for illustration purposes only. Actual color of product may vary.

## Composite Aligner Button

- Made from strong plastic resin
- Bonds with acrylic resin or other bonding agent to most plastic appliances to attach elastics
- Grooves in base provide bonding retention
- Smooth low-profile design minimizes patient discomfort

10 per bag **PAB**

# Plastic

## Duraguard™ Plastic

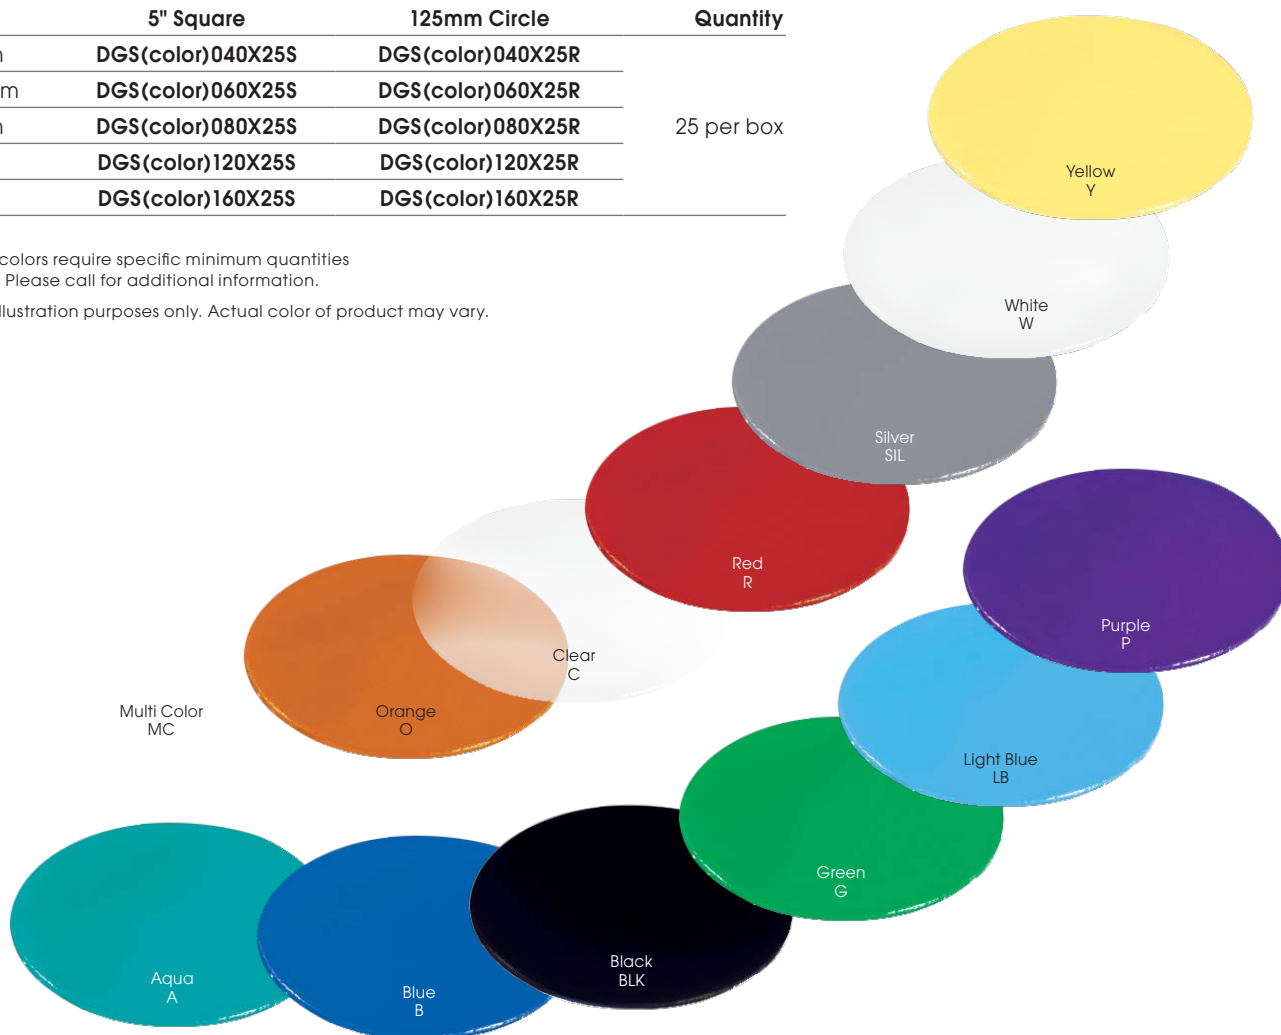

- Use for custom sports mouthguards and soft splints
- .040" thickness is good for creating whitening trays
- Durable EVA material forms soft and flexible, with great conformity to model
- Offer patients their favorite team colors
- Store in cool, dry place

Thickness	5" Square	125mm Circle	Quantity
.040" / 1mm	DGS(color)040X25S	DGS(color)040X25R	25 per box

# Wax and Silicone Boxes

## Orthosil™ Silicone Patient Boxes

- Silicone used for temporary relief from appliance irritation
- Transparent and waterproof
- Resistant to hot liquid

50 per pack

**SBMC**

## Orthosil™ Bracket Protector

- Thicker strips of silicone for covering an entire arch
- Ideal for patients who play musical instruments
- Provides added protection when used with a sports mouthguard
- One piece covers cuspid to cuspid

50 per pack

**SB-P**

## Scented Relief Wax

- Clear box showcases bright colors
- Scented wax appeals to kids and adults

White	Unscented	<b>WB-C</b>
White	Mint	<b>WBC-MINT</b>
Yellow	Lemon	<b>WBC-YL</b>
Purple	Grape	<b>WBC-PG</b>
Green	Lime	<b>WBC-GL</b>
Orange	Orange	<b>WBC-OR</b>
Red	Cherry	<b>WBC-RC</b>
Multi Color	Assorted	<b>WBC-MC</b>
50 per pack		

## Wax and Silicone Box Holder

- Made from strong, high quality clear acrylic
- Removable cover slides on and off for easy dispensing and re-stocking
- Holds 100 boxes

**WB-HOLDER**

## Patient Relief Wax

- Ideal for fast, temporary relief from fixed brackets and appliances
- 5 wax strips per case
- 1.375" long x 2.125" wide case

Colors are for illustration purposes only.  
Actual color of product may vary.

50 per pack      **WB-(color)**

# Take Home Aids

## Bruxism "S" Splint

- Protects teeth from abrasion due to bruxism
- Use over braces without affecting tooth movement
- Easily adjusted to fit each patient
- Includes appliance box and detailed instructions

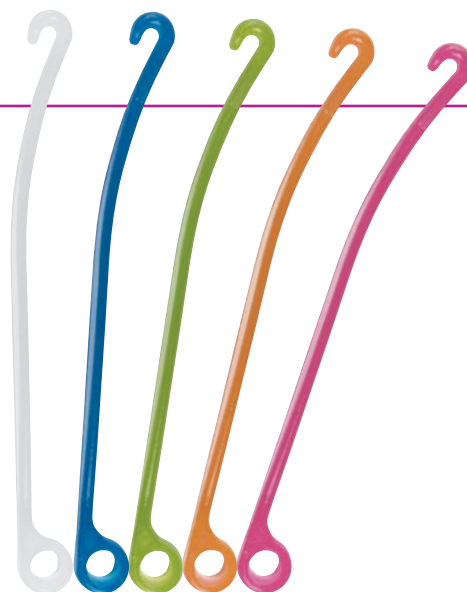

Clear	Unscented	<b>S2-BS</b>
Pink	Bubble Gum Scented	<b>S2-BSBG</b>

## Hook Cushions

- Helps prevent patient discomfort
- Use over bracket hooks to provide a buffer between patient's cheek and hook
- Soft plastic does not swell or absorb water
- Tight fit helps prevent slipping

14 per dispenser, 10 dispensers per pack **HC-2**

## Retainer Retrievers

- Remove appliances cleanly and efficiently
- Store in appliance case
- Packaged in individual tamper-proof patient bags

White	<b>RR-1W</b>
Tropical Blue	<b>RR-1TSB</b>
Tropical Green	<b>RR-1TSG</b>
Tropical Orange	<b>RR-1TSO</b>
Tropical Pink	<b>RR-1TSP</b>
10 patient packs per bag	

## Patient Relief Aid Kit

- Great kit filled with essential items for patient relief
- Give to patients at start of orthodontic treatment

Patient Relief Wax, Elasti™ Bite Therapy Wafer, Ortho-LipGuard™ Strips	<b>PRK-10</b>	10 kits per pack
--	---------------	------------------

## Chewies™ Aligner Tray Seaters

- Same size (1.375" long x 0.4375" wide) as standard dental cotton roll – but better! Made of soft plastic, they are hygienic and easier to use.

White	Unscented	<b>AC-25WPP</b>
Green	Mint Scented	<b>AC-25GMPP</b>
Pink	Bubble Gum Scented	<b>AC-25PBGPP</b>
Yellow	Pineapple Scented	<b>AC-25YPINPP</b>
Purple	Grape Scented	<b>AC-25PGPP</b>
2 seaters per patient pack; 10 patient packs per bag		

## Elasti™ Bite Therapy Wafer

- Helps reduce discomfort associated with wearing orthodontic braces
- Chewing on wafer may increase blood circulation around recently moved teeth by stimulating and massaging gum tissue

Clear	Cherry Scented	<b>EB25</b>
Green	Mint Scented	<b>EB-25M</b>
Purple	Grape Scented	<b>EB-25G</b>
Pink	Bubble Gum Scented	<b>EB-25PBG</b>
25 per pack		

## Aligner Patient Kits

Key aligner/retainer products used during treatment, packaged in these handy kits.

Sparkle Black Econo Lock™ Retainer Case, Sparkle Green Mini Case, 2 White Retainer Retrievers, 2 Green Mint Chewies™ Aligner Tray Seaters **APK-1**

Tropical Sparkle Pink Econo Lock™ Retainer Case, Tropical Sparkle Blue Mini Case, 2 Tropical Green Retainer Retrievers, 2 Green Mint Chewies™ Aligner Tray Seaters **APK-2**

Tropical Blue Retainer Retriever, Pontic Wax, 3 Green Mint Chewies™ Aligner Tray Seaters **APK-3**

## Ortho-LipGuard™ Strips

- Provides temporary relief of direct pressure to the lips caused by orthodontic appliances
- Applications include playing instruments and non-contact sports
- Thermoplastic material can be heated and formed to contours of the patient's mouth
- 2 guards per sealed patient pack; 5 packs per bag

Patent #6,080,923

Ortho-LipGuard is not a trademark of DENTSPLY.

**LG-1**

# Appliance Cases

## Appliance Case Options

One-piece cases are designed with a locking mechanism that stands up to heavy use. Two-piece cases have a positive locking system that prevents accidental opening. Cases can be personalized with your information.

## Germguard™ Retainer Cases

An antimicrobial agent is molded into the plastic to provide protection in a wet, moist environment that's susceptible to germ and bacteria growth.

Available in select styles and colors. Look for the green GermGuard™ seal.
